

BNAS 2018

The 2nd International Conference on Bioethics in the New Age of Science

PROGRAM

10-11 May 2018
Szeged, Hungary

WELCOME MESSAGE

The first international conference on Bioethics in the New Age of Science took place in 2017 at the “Vasile Goldis” Western University of Arad (Romania). Following its success, the conference moved its premises in 2018 to Szeged (Hungary) to enhance international participation as much as possible. We are happy to acknowledge that the international interest in the conference has grown significantly in only one year.

BNAS 2018 will offer participants a support to explore ethical and legal problems in bioethics in the context of the new challenges generated by the scientific discoveries of the 21st century. The aim of the conference is to facilitate the multidisciplinary approach of bioethics, by gathering specialists from bioethics and its connected fields through the main topics of the conference: bioethics and law; medical ethics; ethical aspects in research and biomedical technology; bioethics education; bioethics committees.

My pleasant duty is to gratefully acknowledge the support provided by the scientific organizers for their work and all those involved in the preparation of the conference and the program. Last but not least, we would like to thank the participants for their valuable contribution!

I wish everyone a pleasant stay in Szeged
and a successful conference!

The General Chair
Prof. Oguz Kelemen, University of Szeged

CHAIRS

GENERAL CHAIR

Oguz Kelemen, University of Szeged

FOUNDING CHAIR

Coralia Cotoraci, "Vasile Goldiș" West University of Arad

GENERAL INFORMATION

Venue

The 2nd BNAS Conference will be held at the Secretariat of the Regional Committees of the Hungarian Academy of Sciences (MTA SZAB Titkárság) in Szeged, Hungary.

Address: H-6720 Szeged, Somogyi u. 7

All sessions will take place in room 110, 1st floor.

Registration desk

A registration desk will be open all throughout the event where participants can register and receive information on the event.

Language

The official language of the conference is English.

Presentations

Presentations can be made by using data projectors. All authors are kindly requested to take their presentation on a USB and upload it on the conference laptop during the break before their session. Authors should not use their own laptop. Each presentation will be a maximum of 20 minutes, including discussions.

Insurance

The Organizers of the conference do not provide insurance and do not take responsibility for any loss, accident or illness that might occur during the event or in the course of travel to or from the meeting site. It is therefore the responsibility of the participants to check their coverage with their insurance provider.

Voltage

The electricity supply is 220 V AC (50 Hz).

Weather

The month of May has daily highs increasing from 21°C to 24°C. Temperatures exceeding 30°C or dropping below 15°C happen rarely.
